Reolink App

For live video feed and playback of recorded events. Links for computer and mobile platforms below.

Windows Mac Reolink App for iOS Reolink App for Android

Once you have installed the app on your device, you will need to add the 10 cameras.

Hint: If you connect to the wifi at the jobsite, the cameras will automatically appear in the app and you'll just need to enter the login name and password.

Jobsite WiFi

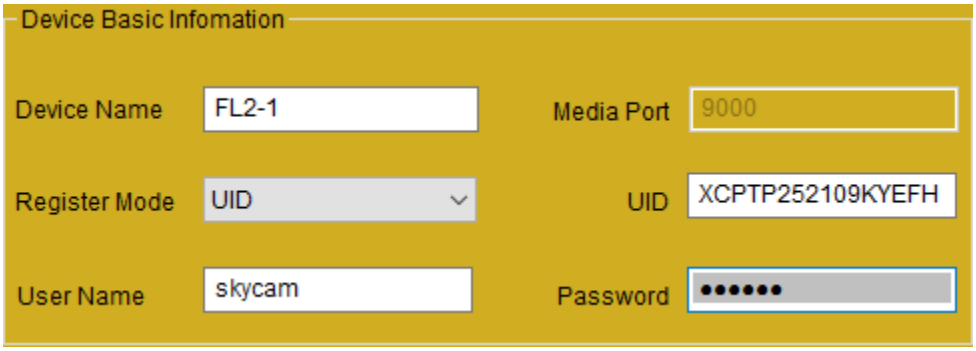

If you want to view live video while onsite, use this wifi so that the video doesn't have to stream over the Internet.

WiFi: Skyline2600 Password: Jobsite2600
